ENERGY AND PROCUREMENT SERVICES LIMITED

SEOMO ENERGY AND PROCUREMENT SERVICES LIMITED

Introduction

Seomo Energy and Procurement Services Limited is a leading Energy and Procurement organization with management and specialty skills in tools and equipment procurement, supply and maintenance. We provide comprehensive services to businesses across various industries, especially in the upstream oil & gas sector and its ancillary industries including petrochemicals and the entire gamut of the downstream value chain.

With a rich history of successful ventures and a commitment to excellence that is second to none, we have built a strong reputation for delivering exceptional value to our clients. Our team of experienced professionals is dedicated to optimizing procurement processes, reducing costs, and enhancing operational efficiencies for our clients across the various sectors.

We service the following market segments, amongst others:

- »Energy services - upstream and downstream
- »Equipment & Tools procurement and supplies
- »Market research and advisory
- » CAP Manual
- » CASHE/HSE Advisory

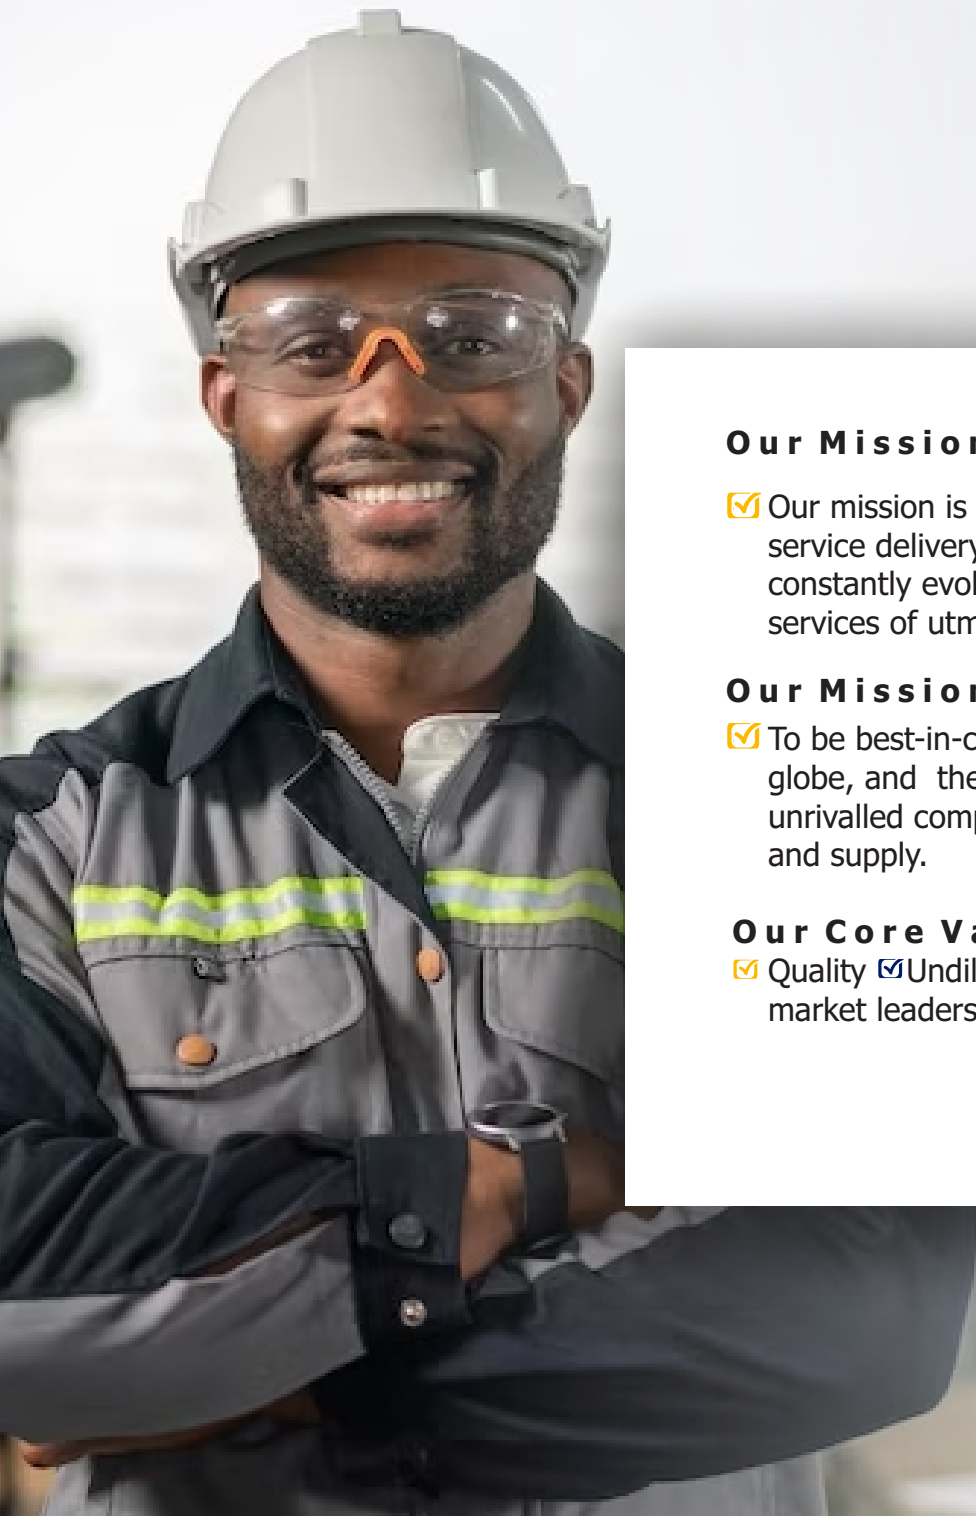

HISTORY

Seomo Energy and Procurement Services Limited was incorporated in the year 2023. However, our services and our experience go 5 years back, before our incorporation in the current name/nomenclature.
